*Wisdom From Jesus Christ The Healer*

## SCHOOL NEWSLETTER 2023

VOLUME - II | ISSUE - 2

### Editorial Note

*Dear Readers,*

We are excited to show you a glimpse of our yearly school activities, articles and updates that reflect the dazzling snippets of our school. Our bulletin aims to serve as a window to the heart of our school. In this issue, you will find students' achievements, insight pieces of our students, teachers and parents.

Thank You! For being a part of our school's journey. We hope you enjoy reading this edition.

### Greetings

In the 13<sup>th</sup> year of the school, I write these few lines with a grateful heart to God and to all the teachers, students, parents and well wishers who were a part of this rocky yet incredibly memorable journey which they undertook with us. Life goes on with or without us and if we falter on the way and give up, our story would have been entirely different. But God is good! Let us continue to move forward together, building each other up, believing and trusting in God that each of us are here as His plan.

*God bless us all.*

**Daniel Thong and Dr. Asunu Thong**  
Proprietors

### Acknowledgement

Everything has a new start and a new beginning. Just like how a small seed can grow into a big tree our school reminds me of that small seed. Our school JFIS, was first established in the year 2010 and it sowed the seed of inclusion with a handful of students and teachers and over the years by the grace of God the school enrollment increased and the school expanded. I personally have a strong feeling that with the blessings of our Almighty God, dedicated teachers and co workers, JFIS will grow bigger, enriched with both regular and special children spreading and sowing the seeds of inclusion and letting the people see and know how beautifully we grow together. This is my earnest prayer, dream and wish for my school to become one of the best inclusive school and I am confident that it will grow and shine.

# Parents Column

## An experience as a Parent of JFIS

My journey as a parent has been the best part of my life. Being a mom has taught me and my family that having faith in God is so important. The greatest reward of being a parent is the love we share with our children which is pure and unconditional. Having associated with JFIS, I am so glad to see my son growing and learning everyday to be more loving, caring, kind, discipline and above all more responsible. Kudos to the teachers for your love, care and nurturing our children so well. As a mom I have also learned to be more patient, selfless and organize my schedule more efficiently hence "Everyday is a learning experience." God Bless JFIS!

### Mrs Asangla Lkr

Mother of Maongtoshi Jamir (Class-5)

My son was admitted in Class Nursery in the year 2010. We chose Jo Foundation Inclusive School for our son on the recommendation of a friend who spoke very highly of the proprietor, Sir Daniel Thong, and his vision. The school has nurtured and moulded my son so very well that we don't have to make any disciplinary corrections at home. I thank the school for making my son the man he is today- empathetic, cultured and a hard working student. Since 2010, we have not been disappointed with the curriculum of the school nor regretted ever sending him to this prestigious school.

### Mrs Toshilila Lkr

Mother of Temsumoa Jamir (Class X)

I am so grateful to God for having a school like Jo Foundation Inclusive school. As a concern parent, we feel so happy and content to be sending our children to your school. Our children have really improved both in their academics and co-curricular activities. They learn important life values, discipline, empathy and team spirit. I would also like to express my sincere gratitude to the teachers for shaping our children into a better human being and a responsible citizen. It is my prayer that our almighty God will continue to grant all the faculty and staff wisdom and knowledge, good health and long life as you endeavour in building our future generation.

Thank You!

# POEM SECTION

## "Her"

Her sparkling eyes ,  
Her pearly whites,  
Her dazzling smiles,  
All drove me miles.

Her skin always shines brighter than the sun and more radiant than a diamond  
Her touch is a warm embrace that wraps around my soul;  
Her laughter is a gentle breeze that sweeps away life's worries.  
Her beauty is everlasting,  
Oh! Goddess of love, can I ever find someone like her to keep?

**Pelese Meyase** - Class 8

## His Gallery

**Lipoktila Jamir** - Class 8

Creations of all kinds,  
To universe and mankind  
Of your breath and ever mine  
To the creatures of all size.  
To the print on my fingers  
To the counts of my every hair,  
He's the potter and we're the clay  
His love for us, it never fades

रंगीन शिक्षक  
शिक्षक महान नेता होते हैं।  
विभिन्न रंगों से भरा हुआ,  
ज्ञान, कौशल और अनुभव।  
सबसे रचनात्मक दिमाग।  
उनके रंगीन विचार,  
आसमान में इंद्रधनुष की तरह हैं।  
बिल्कुल स्पष्ट दृष्टि की तरह चमकता है।  
एक छात्र के उज्ज्वल भविष्य का पोषण करना।  
अंततः इंद्रधनुष तूफानों से जूझता है।  
मूलतः एक शिक्षक और विद्यार्थी के जीवन में।  
बाधाएं आती हैं।  
जैसे वादे निभाए गए।  
इंद्रधनुष चमकीले रंगों से चमकता है।  
शिक्षक इंद्रधनुष बनकर खेलते हैं,  
अपने विद्यार्थियों को चमकते रंगों से देखना।  
इंद्रधनुष हमारे जीवन में एक समावेशिता है।

नाम- ज़ेनिहुनले केंट

## Summary

The poem is about "Colorful Teachers" in this poem it talks about how teachers are compared to the colorful rainbow. Teachers teach with a vision, to nurture the students. Though hurdles comes in the journey of teaching, they come out bright like the promise of the 'Rainbow' to bloom and to paint the life of the students with knowledge, skills and love.

Class Teacher, UKG

# Farewell

## STUDENTS OF CLASS X

My experience in JFIS over these past four years has been very much fun and memorable. This school is unique and exciting with lots of Extra Curriculum activities. I am very glad that I learnt how to interact with differently abled students and how to treat them as well.

~ **KEVIPAL SAKHRIE**

Studying in Jo Foundation Inclusive School has been a special and unique experience in my life. It is very different from the previous school I have studied. I've learned a lot from this school and I'll continue to do so. I'll forever cherish the memories I have made in this school throughout my life.

~ **MONGLONG WANGLU**

My experience in JFIS was astounding. I am really thankful for the memories I have made with JFIS for 14 years and I will cherish it forever in my heart. I am really thankful to all my friends and teachers for helping me grow and become the man I am today.

~ **KHOZUO PIKU**

My experience in JFIS for 9 years was really good and amazing. As I bid farewell to this school I would like to say that I'm still the same child I was when I first join the school but with better understanding on life. I have also learn that there is a place for differently-abled or special needs people in our society and that every child should be given the right to education and I'm so grateful that my school provides that.

~ **AKUMMOA JAMIR**

As the time is approaching for us to depart from the school and chase our goals and dreams the love and friendship that I have made with my friends will be cherished and remembered forever.

~ **SEKETONUO DAHOU**

My experience in this school has been amazing. I have learned how to communicate with the special children and learned valuable life lessons on how to respect others. The time I have spent with my JFIS family will never be forgotten.

~ **TSONGTILIANAR**

Thank You! JFIS for transforming me into a more sensible and thoughtful person. You have helped me build my confidence to achieve my goals and dreams. I will always remember the laughter, joy and smile I shared with my friends and teachers during my school days.

~ **TEMSUMOA JAMIR**

My school has taught and moulded me into a better person. I will miss my dear friends who encourage and understands me. They help me with my studies and also learnt sign language to communicate with me. I'm also thankful to the teachers for your patient, support and overwhelming love and care.

~ **VINOPU AYE**

## What it is like being a nursery teacher in JFIS

I have always loved young children and getting the opportunity to teach them brings joy to me. Despite the challenges that comes along with it the most satisfying part of being a teacher is to see the students learn and grow. It's always interesting yet challenging to deal and approach them. Writing their names and rating them with stars give them the zeal to study and participate more. I get unending hugs and compliments and called 'miss' a dozen of times. It's always fun listening to their unending stories. The sweetest moment was when some of the girls in my class started addressing me "Mummy" after I told that the teachers are the parents at school and that they are our kids. My students motivates me to move on with my life. They have not only learnt from me but I have learnt from them as well; to be innocent and pure at heart. Through this I would like to say three things –' To give them the confidence to always know their self worth; give them strength to follow their dreams; give them the ability to know how they are truly and deeply loved.'

**Ms Awele Wetsah**

Class Teacher Nursery

## My experience as a teacher

My experience as a teacher in this school has been quite enriching. I'm blessed and privileged to be a part of this beautiful family, where every child with varying abilities are given a platform to be included and be a part of teaching and learning process. I, as a teacher working in such a stimulating environment has help me challenge myself and experience new roles in so many different aspects. Every day I learn something new from the students who never fail to surprise me in many ways. Last but not the least , it is incomplete without my students who enhance my learning skills and also my educators for their constant guidance and support that has allowed me to grow.

"When everyone is included, everyone wins" Jesse Jackson
