JO FOUNDATION INCLUSIVE SCHOOL story began when God led and journeyed with two affected parents Daniel & Dr. Asunu Thong to open an Inclusive School by gifting them with a special child Tejopi Thong. From a miniscule number of 8 students (2 special need) in the year 2010 to 328 students now (85 special need) in the year 2024.God is good and His love endures forever. - Psalms 136:1

“Inclusion” a word alien to most of us back then, have become our everyday vocabulary now as we see children of all diversity coming and learning joyfully together. The regular students lending a helping hand and looking out for their special friends, the special need children enjoying the special attention and trying their best to imitate and imbibe the doable actions of their regular friends, the teachers trying to juggle to give equal attention to both the group of children- within and outside of the classrooms - such is the everyday scenario in the school; Never a dull moment!

AIMS AND OBJECTIVES

The school envisions to encourage and propagate the development, productivity and dignity of children at large and those with special needs in particular basing on the teachings of Jesus Christ mentioned in John 9:3.....but this happened so that the work of God might be displayed in his life.
